Experienced working with nonprofit, government, and university research partners.

CORE SKILLS

Applied social-science research analysis, Program evaluation, Causal inference, Econometric modeling, Supervised machine learning, Multiple imputation, Administrative Data Analysis, Missing data and survey methods, Data visualization, Data storytelling, Strategic communication, Project delivery.

TECHNICAL SKILLS AND PROJECT TOOLS

Stata, R, SQL, SAS, Tableau, Stata Webdoc, Latex, Asana

EDUCATION

Ph.D. in Economics , University of Nebraska-Lincoln	2023
Master of Science in Economics , Texas A&M University	2016
Bachelor of Science in International Economics , Tajik State University of law, business and politics	2007

SELECTED PROFESSIONAL EXPERIENCE

Social Scientist Far Harbor, LLC	November 2024-June 2026 <i>Austin, TX</i>
--	--

- Conducted quantitative research for nonprofit and government clients, using administrative and survey data to generate policy-relevant insights and recommendations.
- Designed and implemented statistical models to support program evaluation, performance measurement, and decision-making.
- Produced client-facing research products, including analytical reports, presentation decks, data tables, visualizations, and technical documentation.
- Developed comprehensive technical documentation for data systems, including data transfer, reproducibility, code review, data cleaning, analytic file construction, descriptive analysis, and modeling workflows.
- Translated complex statistical findings into clear narratives and actionable recommendations for non-technical audiences.

Co-adjutant Researcher Heldrich Center for Workforce Development, Rutgers University	November 2024-December 2024 <i>New Brunswick, NJ</i>
--	---

- Prepared a manuscript evaluating the impact of Health Profession Opportunity Grant program on workplace flexibility and non-wage employment outcomes.
- Presented research findings at the Association for Public Policy Analysis and Management (APPAM) conference.

Postdoctoral Fellow Heldrich Center for Workforce Development, Rutgers University	July 2023-November 2024 <i>New Brunswick, NJ</i>
---	---

- Conducted policy-relevant research on education, workforce development, unemployment insurance, and labor market outcomes using administrative data

- Designed and implemented quantitative analyses to evaluate program and policy effectiveness and assess post-secondary and employment outcomes.
- Collaborated with state partners on unemployment insurance equity research, supporting data analysis, modeling, interpretation, and communication of findings.
- Delivered two reports on Dual Enrollment participation and postsecondary outcomes in New Jersey.
- Co-authored national and state-level analyses of labor force participation and contributed to grant proposals and stakeholder-facing deliverables.

Graduate Research Assistant
University of Nebraska-Lincoln

August 2018 - May 2022
Lincoln, NE

- Designed and executed independent and collaborative research projects using econometric methods, micro-level data, and causal inference approaches.
- Presented research findings in departmental seminars, working groups, and academic conferences

Teaching Instructor/Teaching Assistant
University of Nebraska-Lincoln

August 2018 - May 2022
Lincoln, NE

- Independently taught Principles of Economics courses in in-person and online formats.
- Served as a teaching assistant to undergraduate- and graduate-level courses
